

Dr. M.S. Kannan

Editor-in-Chief, JIDAM

EDITOR'S MESSAGE

Dear Members of Indian Dental Association (Madras Branch), Friends and respected Seniors, I am happy to connect with you all through this issue of JIDAM- Journal of Indian Dental Association, Madras Branch.

As I take this elite venture as the Chief Editor of JIDAM, I realize that with great powers come great responsibility. Our editorial team is committed to publish JIDAM as a Quarterly with high impact scientific contents in form of clinical case reports, research outcomes, systematic reviews and meta analyses. We had formed an enthusiastic editorial team, who are striving hard to keep up the quality and impact of our Society's Journal. Our peer review team is equally committed in analyzing the quality of submissions and the impact which the content is potential to make.

We encourage IDA members to come forward with submissions in form of interesting case reports, need of the hour systematic reviews and research outputs from multi stream Dental and related Medical specialties.

Please upload your submissions on JIDAM's dedicated web portal. We shall evaluate and share it with our peer review team at the earliest. Once the review team find the submission of apt quality and content, we shall publish by maximum 3 months of review period.

Our prime aim and objective is to take the Journal under Scopus indexing at the earliest. This mission solely depends on the quality of content from JIDAM's publications. Thus we are keen to uphold high standards and quality control over our publications.

We sincerely hope to have a productive journey through this editorial venture and uplift the standards of JIDAM to a global platform.

Thank You

Regards,

Dr. M.S. Kannan, MDS.,

Editor-Journal of Indian Dental Association Madras
